APOLLO MINI

Decor

The moon landing represents an iconic moment in history where man achieved the impossible. The Mini Apollo is a scaled down version of our signature Apollo lunar module designed by Timothy Oulton Studio, symbolic of our journeys through time and space in search of inspiration. Made in-house by our team of skilled craftsmen, the Mini Apollo stands at 1 metre high with a diameter of 136cm at its widest point. It features an exterior in polished stainless steel and bespoke interior clad in hand-tufted Bull leather with mini banquette seating, timber flooring in Ebony finish, small Alabaster table, and Odeon pendant.
