GLOBETREKKER DOG TRUNK

Dog Beds

A modern take on vintage travel trunks, the Globetrekker Dog Trunk is handcrafted using traditional methods and is clad in Timothy Oulton's proprietary Spitfire finish, fashioned from riveted, hand-distressed aluminium inspired by the exterior of the famous Supermarine Spitfire fighter plane. Detailing includes oak banding in an antique finish, premium aniline leather corners and handles, and a sprung hinged lid which lifts up to reveal an interior fitted in black canvas, with removable cushion.
