INCEPTION ROCK CRYSTAL TALL

Floor Mirrors

Mesmerising the eye with an endless sea of glowing crystals, the Inception Rock Crystal tall mirror takes its cue from 1970s infinity mirrors but infuses it with mankind's ancient love of precious stones. Sourced raw from the earth, icy shards of rock crystal are individually applied to circle the inner frame, topped by a clear pane of glass. Once turned on, the crystals multiply in a seemingly never-ending line of reflections, transporting you to an out-of-this-world realm. An exceptionally glamorous piece, handcrafted in matt black metal with bronzed edging, mixing echoes of Art Deco opulence with modern cutting-edge design. The multifaceted rock crystals disperse the light in every direction as it shines through the translucent stone, for a soft and romantic glow that sets the perfect tone for entertaining.
