FLATBED BAR TABLE

Bar & Drinks Cabinets

The Flatbed collection takes its inspiration quite literally from the mighty Flatbed trucks, the unsung heroes of the automotive and motorcycling world. These beasts of machines are trucks with an entirely flat, level bed traditionally made of planks, with no sides or roof, allowing cars or motorcycles to be winched onboard for transportation to races, shows, or just to the garage for a tune up. Resonating with the traditional trucks, the Flatbed collection uses Black Ice glass planks to create the surface of each table, contrasted by the intricate stainless steel fabrication work of the frame, embodying the machinery of the trucks, and then highlighted by the internal LEDs to bring each table to life.

SPECIFICATION

Product Code:	M-FTB-TB-0001-U
Product Height:	110cm / 43"
Product Width:	177.8cm / 70"
Product Depth:	85cm / 33"
Weight:	184kg / 406lbs
Frame Construction:	Distressed paint
Max Wattage:	36W
Bulb Included:	Yes
Dimmable:	No
